

**REMARKS/ARGUMENTS**

The Examiner in the parent application set a Restriction Requirement under 35 U.S.C. § 121. Applicants elected claims to the method for individualizing an electric toothbrush. Now applicants are filing a Divisional application focused upon the previously non-elected claims 1-9 drawn to a cover for a handle of a motorized toothbrush.

Concurrently with filing of the Divisional application, a first Preliminary Amendment was submitted in error. It is requested that the first Preliminary Amendment be ignored in favor of the claims as now herein provided.

Applicants look forward to a substantive Examination at the earliest convenience of the USPTO.

Respectfully submitted,
